Internship/Training

Java Full Stack

Jan 2024 - Feb 2024

Cipher School

- **Language Learned - Java , CSS , JavaScript , HTML**
- **Learning Outcomes :-**
- Proficiency in Java Programming and Backend Development.
- Mastery of Frontend Technologies.
- Full Stack Application Integration.
- Gained proficiency in using Spring Boot for backend development and Bootstrap for frontend design.
- Understanding of Software Development Methodologies and Best Practices.

Projects

AI Mock Interview: Web Application | Programming Language: Next.js, Prisma ORM

Jan 2025 – March 2025

- Developed an AI-powered mock interview platform to simulate real-life interview experiences.
- Integrated Next.js, Prisma, Auth.js, and Gemini API for secure, personalized, and dynamic sessions.
- Enabled real-time question generation, multimedia interaction, and performance-based feedback.
- Helped users improve confidence, communication skills, and job interview readiness.

Movie Box Domain: Web Application | Programming Language: React.js

June 2024 - July 2024

- Built a Netflix clone using React.js, integrating the TMDB API to fetch and display dynamic movie content.
- Implemented smooth navigation across pages using React Router DOM for a seamless user experience.
- Gained hands-on experience in API integration and advanced front-end development with React.js.

Online Shopping Website Domain : Web Application | Programming Language: Java

Jan 2024 - Feb 2024

- Led a team in building a fully functional e-commerce website from concept to deployment.
- Implemented core features such as user authentication, product listings, shopping cart, and checkout system.
- Gained practical experience in full-stack development using Java, Spring Boot, MySQL, and Bootstrap.
- Worked closely with team members to ensure timely delivery and maintain high code quality.

Certificates

Data Structure And Algorithm - Self-Paced (C++) by GFG

June-July'2023

Java Full Stack – Cipher Schools

Jan-Feb 2024

Foundations of Digital Marketing and E-commerce - Coursera(Instructor: Google Career)

Feb'2024

Achievements

- Published a research paper titled “[Revolutionizing Interview Preparation: The Algorithmic Precision of an AI-Powered Mock Interview Platform]” in [5th International Conference on Computer Vision and Robotics].
- 4star in java at Hackerrank.

Technical Skills

Languages C++, Java, JavaScript, Python

Technologies/Frameworks: Spring Boot, Neon DB, React JS, GitHub, Apache Kafka

Education

Lovely Professional University

2021-2025

Computer Science and Engineering — CGPA: 7.47

Jalandhar, Punjab

Raja Ram Shah College

2019-2021

12th Grade (Science Stream) — Percentage: 66%

Raxaul, Bihar

Cambridge Public School

2018-2019

10th with Science —Percentage: 81%
